

Blind Bidding with Comments for Years

Now that we are assigning years within the comments of the Add/Drop screen prior to the waivers process, here are some helpful tips/steps for doing so.

On a mobile device from the MFL Platinum app, you will need to do the following steps:

Click on League Info from the main menu, then click League Home on the next screen:

From the next screen, clock the Add-Drop Players icon and then scroll down to the Add Player box:

Locked Player due to global player lock.

SurePayroll Get 6 Months Free

You will need to sort by the headings to find the player you are looking for since it doesn't appear there is a search bar when using a mobile phone, unfortunately.

Once you find the player you want to claim, click on him and the comments box will show up under the Drop Player box. You may need to scroll to the right to see it. Click on the Submit Request to add your claim.

If you scroll up a bit, you will see your Current Waiver Claims. You only need to add comments once for each group. So below is an example of comments I added once for group 1 and the comments I added once for group 2.

Remember that we are using Conditional Blind Bids. Conditional bidding allows an owner to bid on player A and if not awarded, then bid on player B. Non-conditional ("regular") bidding just has an owner bid on player A and then bid on player B. In this latter case, the owner could get both players A and B. In the former, the owner would only get one of the two.

With Conditional Bidding you would enter players in multiple groups to receive several players. In other words, if you are looking to add two players during waivers, you will need to have two groups of waiver claims. If you wanted to add three players, you would need to have three groups of waiver claims, and so on. Please see the MFL Help Center for more details or ask the Commish.

The process using a PC or Mac is very similar to mobile, but you do have the option to search for players from a PC or Mac.

The screenshot shows the KDL Dynasty League website. The top navigation bar includes links for MY ACCOUNT, SCORES, TRANSACTIONS, PLAYER RESEARCH, DRAFT/AUCTION, LEAGUE, MY FRANCHISE, SOCIAL, HELP, LOGIN, and a search icon. A dropdown menu for TRANSACTIONS is open, showing options: ADD/DROPS, SUBMIT LINEUP, ROSTERS, TRANSACTIONS, PROCESSED WAIVERS, TRADES, INJURED RESERVE, TAXI SQUAD, DROP PLAYERS, and LOCKED PLAYERS. Below this is a row of icons for various league functions: VIEW RING, SUBMIT LINEUP, DRAFT PICK, AUCTION BID, ADD-DROP PLAYERS, PLAYER RESEARCH, TRADE PLAYERS, TAXI SQUAD, INJURED RESERVE, LEAGUE ROSTERS, MESSAGE BOARD, CHAT ROOM, LEAGUE CALENDAR, LOCKER ROOM, OLD SCHOOL, and LEAGUE BYLAWS. The main content area is titled 'SELECT PLAYERS TO ADD/DROP' and includes a dropdown for 'Use projections from Fantasy Sharks'. It is divided into two sections: 'ADD PLAYER' and 'DROP PLAYER'.
